President's Message

Welcome to Asia Pharma Ltd. We are very glad to be serving you and hope to continue building positive relationships with all of our customers to support the health of Afghanistan and provide for the needs of patients across the world.

Asia Pharma Ltd, with more than 16 years of operating experience, is committed to providing the highest quality of goods and a superior level of service to our customers.

We know that our customers have a choice in where to purchase medical equipment and hospital furniture, but at Asia Pharma, all of our employees are dedicated to making sure each and every patient who uses an Asia Pharma product can do so to truly experience a healthy life.

■ Company Overview

Our story started in 2002. Our country enthused with hardworking, vigorous people that are determined to make with all of our customers to support the health of Afghanistan and provide for the development and advancement of Afghanistan. Asia Pharma Ltd. was founded during a time of challenge and hardship, when health services and access to good jobs were not available. Our company was committed to making a change and providing for the betterment of humankind.

Asia Pharma Ltd. began business as a single branch, selling imported products. Today, the company has grown from on small store into a network of stores supported by our own factory with over 400 employees overall, manufacturing our own products within Afghanistan to complete the suite of services. We proudly stand for a good and healthy community and continue to work to together to make for a healthy Afghanistan. Today, we provide the tools and resources to benefit our community and our customers around the region.

International Certificates

We are happy to present our guaranteed and manufactured goods to the market. These goods are being produced with high-quality raw material after being approved by our Quality Control personnel.

The management of the Asia Pharma Ltd. believe in growth and sustainability for customer's satisfaction, processes improvements, occupational safety, and reduction of environmental pollution and improvement of product quality.

To achieve the above standards, Asia Pharma Ltd. strives to implement sustainable Information Managing System in accordance with Quality Standard of ISO 9001:2015, Environmental Standard of ISO14001:2015, Medical Equipment Safety of ISO 13485:2016, and Occupational Safety of ISO 45001:2018, maintaining these standards pave the way for us to reach our aim.

Also some of the manufacturing products of Asia Pharma Ltd. like different kind of medical cotton products, certified by CE marking. CE certificates indicates conformity with health, safety, and environmental protection standards for products sold within the European Economic Area (EEA). The CE marking is also found on products sold outside the EEA that are manufactured in, or designed to be sold in, the EEA. The CE marking is the manufacturer's declaration that the product meets the requirements of the applicable European Union.

Our Leadership

DR. AB. JALIL SABER
President

Dr. Ab. Jalil Saber was born in 1980 in Herat Province. He graduated from Tajrabavi and chose Feldsher as his field of study. As soon as he graduated from faculty, based on having background on Healthcare issues and based on his own interest, he was involved in medicine business. Gradually he got to know Eng. Moh. Rasool Rasooli who was in the same business and was acquainted with many doctors. Together, he and Eng. Rasooli decided to work and establish a medical company and that resulted in establishment of Asia Pharma Ltd. which is currently known to not only Afghanistan but many other countries which we do business with Dr. Saber is currently supporting his business from China Branch and is known to international medical companies. From start to finish, manufacture to service provision, Asia Pharma is, here to provide for our customers and deliver on the Asia Pharma Experience.

ENG. MOH. RASOOL RASOOLI
Vice President/Chief

Eng. Moh. Rasool Rasooli was born in 1979 in Herat Province. He graduated from Tajrabavi high school and was successfully accepted in Engineering Faculty of Herat University. During the time when he was at faculty simultaneously he was in medicine business and was quite successful at it. After getting his B. A. Degree from faculty of Engineering, in 2003 he made his mind to establish a company with his friend Dr. Ab. Jalil Saber and named it Asia Pharma. The business they wanted to do was to produce medical equipments and beside that import high quality medical machineries from well-known companies. Eng. Rasooli as CEO of the company has been successful in development of Asia Pharma Company. These investors were able to successfully lay the foundation of a medical factory at Herat's industrial park during these nine years of service and currently they are expanding their business all over Afghanistan. From start to finish, manufacture to service provision, Asia Pharma Ltd. is here to provide for our customers and deliver on the Asia Pharma Ltd. Experience.

Philosophy

Our mission

Our mission is to provide high quality hospital furniture and services to our customers and help the economic, situation of Afghanistan by providing employment and opportunity to our employees.
